

# Pharmacy Foundation of Ohio (PFO)

An IRS-designated 501(c)(3) Public Charity – Federal Tax ID# 31-1651165

## PFO Annual Appeal to Our Colleagues And to All Our Friends in Pharmacy

At this time, *your pharmacy foundation* would like to enlist your financial assistance in support of the Foundation's mission of providing quality, timely and *free* Continuing Education credit to *members* of the Academy. We have also been able to provide *free* food and refreshments at each of our events. Support from pharmaceutical manufacturers had enabled PFO to provide many CE programs. Unfortunately, this support is drying up! **VERY LITTLE THIS YEAR!** *Your generous support* has enabled the Foundation to provide programs when other financial backing did not materialize.

With **changes** in regulations regarding pharmaceutical companies and their providing of resources for continuing education programs, your financial support is more important than ever in helping the Foundation provide the quality and quantity of programs to which APCO members have become accustomed. An original CE program can cost PFO upwards of \$1000 to provide.

The IRS designates **PFO** as a 501(c)(3) foundation. Your deductions are fully deductible under the law. The officers of the Foundation are *not* remunerated (by their choice) and all donations are 100% accounted for under Federal Law. PFO's financial reports can be found on the U.S. Government website for Charitable Foundations.

All donations will be acknowledged by written receipt for tax deductibility. Your donation must be postmarked by year end in order to be tax deductible in this tax year.

Please help **YOUR Foundation** continue enriching our community!!!

*Thank you very much for your past support, and looking forward to your continued generosity!!!*

*Eric Hals*

*President*

— Every Contribution will be Acknowledged with a Written Tax Record —
